### **Confession (Lost Like You)**

I was lost in dreams  
About how life could be  
I found my feet struggling in the sea  
Never finding ground  
I got lost in my emotions  
'til I reached the shore  
to realise I can't go on anymore

*and you're the sea  
to deep to see  
too much like me  
And if I want to get out  
Learn to walk on solid ground  
It means leaving*

You will never understand it  
And I spent much time feeling guilty  
Cause I can never make a decent end  
I'm bad at having enough  
I end up confused and being rough  
And no matter how I try  
I always make it worse

*and you're the sea  
to deep to see  
too much like me  
And if I want to get out  
Learn to walk on solid ground  
It means leaving*

It means death of a thing  
That worked for you  
But it didn't for me  
It means me always changing  
It means me stupidly behaving  
It means war and its cold  
You will hate me until I grow old  
Its the end of unwritten tunes  
I felt lost, lost like you

### **Annoyed in Social Media Space Time Continuum**

You saw my picture on MySpace  
you wrote me because you liked my face  
you never met me in real life  
but maybe some day I could be your wife

#### **Ref.**

You think that I'm the perfect girlfriend  
or you don't wanna be alone  
or maybe you just wanna hump  
who knows  
but sorry I am not the right one for you  
whatever you saw on my site  
you don't know me, do you?

You saw my picture on Facebook  
you wrote me because you liked my look  
you have a boner that won't go away  
you felt so horny all day

#### **Ref.**

You think that I'm the perfect girlfriend  
or you don't wanna be alone  
or maybe you just wanna hump  
who knows  
but sorry I am not the right one for you  
whatever you saw on my site  
you don't know me, do you?

You say we have so much in common  
it's such a pity that I'm in a relationship  
and I don't have to tell my boyfriend  
because it's you that I could be with

I'm just the 100thst girl you wrote to  
every day you bother at least one or two  
you spend the day adding women  
to lose you spillover of seamen

**Ref.**

You think that I'm the perfect girlfriend  
or you don't wanna be alone  
or maybe you just wanna hump  
who knows  
but sorry I am not the right one for you  
whatever you saw on my site  
you don't know me, do you?
